PURPOSE
To visually and audibly record certain interactions between uniformed members of the service and the public for official law enforcement purposes.

DEFINITION
POLICE ACTION – Any police service, as well as, law enforcement or investigative activity conducted in furtherance of official duties. Police action includes responding to calls for service, addressing quality of life conditions, handling pick-up assignments and any self-initiated investigative or enforcement actions such as witness canvasses, vehicle stops and Investigative Encounters. Routine consensual conversations with members of the public carried out as part of community engagement efforts are not considered police action under this section.

PROCEDURE
When a uniformed member of the service is assigned a Body-Worn Camera (BWC):

1. Retrieve assigned BWC from docking station prior to roll call.
   a. Turn power on and inspect BWC, and
   b. Position BWC to facilitate an optimal recording field of view.
      (1) Attach BWC to outermost garment in the vicinity of breast pocket of uniform shirt, duty jacket, or garment used for plain clothes assignment, using mounting hardware provided.

2. Utilize BWC only when personally issued and authorized by the Department to record official activity while on-duty.
   a. The use of any non-Department issued recording device is strictly prohibited.

3. Notify desk officer if BWC is not functioning properly, becomes damaged or is otherwise unaccounted for at any point during tour and document notification in digital Activity Log.

MANDATORY ACTIVATION OF BWC FOR ALL UNIFORMED MEMBERS OF THE SERVICE:

4. Activate BWC prior to engaging in any police action.
   a. Record any interactions that escalate to become adversarial or may hold evidentiary value.

NOTE
Performance of administrative duties or non-enforcement functions, routine activities within Department facilities, and Departmental meetings or training are not considered police actions. Uniformed members of the service performing duty as desk officers, telephone switchboard operators and stationhouse security are required to wear their BWC while performing duty.
NOTE (continued) When an individual is under arrest or otherwise in custody, immediately inquire if medical and/or psychological treatment is necessary. Ensure that BWC is activated when asking if medical and/or psychological treatment is necessary. Request EMS to the scene to provide medical and/or psychological health care, as appropriate.

5. Notify patrol/unit supervisor when there is a failure to record a mandatory event as described in step “4."
a. Document notification and reason event was not recorded, if known, in digital Activity Log.

BWC ACTIVATION, NOTICE OF RECORDING AND EXIGENT CIRCUMSTANCES FOR ALL UNIFORMED MEMBERS OF THE SERVICE:

6. Begin recording prior to arrival at incident location or prior to commencing any self-initiated police action.

NOTE Vehicle operators may activate their BWC immediately after arrival at incident location, if necessary, to ensure the safe operation of Department vehicle.

7. Activate BWC as soon as it is feasible and safe to do so after taking necessary action to preserve human health and safety, when an unanticipated or exigent occurrence takes place.

8. Notify members of the public that an interaction is being recorded, as soon as reasonably practical, unless notification could compromise the safety of any person or impede an investigation.

DISCRETIONARY ACTIVATION OF BWC FOR ALL UNIFORMED MEMBERS OF THE SERVICE:

9. Record other official activities when, in the uniformed member’s judgment, it would be beneficial to record.

DEACTIVATION OF BWC FOR ALL UNIFORMED MEMBERS OF THE SERVICE:

10. Record continuously, until investigative, enforcement, or other police action is concluded.
   a. Recording should include complainant/witness statements and canvasses.
   b. Record arrests until prisoner is lodged at command for arrest processing.
Prohibited BWC recordings for all uniformed members of the service:

11. Do not activate BWC for any of the following events:
   a. Off-duty employment including paid detail assignments,
   b. Interviewing a current or potential confidential informant,
   c. Undercover officers,
   d. Interviewing the victim of a sex crime, as soon as the nature of the offense becomes apparent,
   e. Strip searches,
   f. The inside of a medical facility, unless it is necessary to take police action (e.g., arrest, EDP, etc.), and
   g. Briefings and tactical discussions regarding resource capabilities, or after-action debriefings involving ESU personnel.

**NOTE**

The mandatory activation of a BWC will take precedence over prohibited BWC recordings.

Uniformed members of the service should be aware Handschu Guidelines prohibit indiscriminate recording of political activity and the Technical Assistance and Response Unit (TARU) remains solely responsible for documenting protests, demonstrations, political events, etc., by means of photos and/or video.

Uniformed members of the service are required to activate their BWC at a protest, demonstration, political event, etc., in the following circumstances: any enforcement action is being taken, any unlawful activity is occurring (whether or not enforcement action is being taken), and/or as directed by the incident commander.

When Highway District, Intoxicated Driver Testing Unit (I.D.T.U.) personnel respond to a hospital or medical facility to conduct testing, the technician and arresting officer will both activate their body-worn cameras to record the reading of the interrogation warnings and questions on Department form INTERROGATION WARNINGS TO PERSONS IN POLICE CUSTODY (PD244-1414), and capture the subject’s consent or refusal to submit to a chemical or blood test. The officers will record a blood draw on their body-worn cameras, whether the sample is taken by consent or by an order of the court. If requested by medical personnel to stop recording, officers will capture the request if possible, turn off their body-worn cameras, and make digital Activity Log entries detailing the circumstances.

12. Notify patrol/unit supervisor if a prohibited event as described in step “11” was recorded.

Documentation and maintenance of BWCS:

ADDITIONAL DATA

TACTICAL CONSIDERATIONS

In the event that additional resources are required or tactical briefings must take place after ESU personnel have already activated their BWCs, the ESU captain or above may order a temporary deactivation of BWCs. Any decision made regarding the activation and/or deactivation of BWCs by ESU personnel will be made in conjunction with established protocols, consistent with officer safety.

In the event that a briefing or tactical discussion regarding resource capabilities or after-action debriefing is recorded on BWC, the Commanding Officer, Emergency Service Unit will confer with the Commanding Officer, Legal Bureau in regard to the content of the recording and action to be taken to safeguard sensitive tactical information.

OPERATIONAL CONSIDERATIONS

Uniformed members of the service when operating as part of a federal task force (e.g. Joint Terrorist Task Force), will be guided by BWC policies and procedures set forth in governing memorandums of understandings or other standard operating procedures. Furthermore, uniformed members of the service assigned to duties outside of the purview of federal task forces are reminded to comply with all Department policies concerning BWCs.

When entering a Department facility equipped with an electronic access control system, uniformed members of the service should cover the lens of their BWC while entering the access code into the keypad to prevent the inadvertent recording of access information.

The BWC and related hardware/software, as well as video, audio and data captured by the BWC, irrespective of the content, are at all times the property of the Department. Other than providing copies of BWC video to members of the Department for official purposes (e.g., arresting officers processing an arrest, detectives conducting criminal investigation, etc.) and prosecutors as described above, uniformed members of the service may not copy, publish, share or disseminate any audio, video, image or data to anyone unless authorized by the Police Commissioner. The video management system maintains an audit trail for all transactions conducted in the system.

The default preservation period for BWC video is thirty-nine months, at which time it will be automatically deleted. Depending upon the “category” assigned to the video, certain videos (e.g., arrests, homicides) may be retained for longer periods. Commanding officers may request that a BWC recording be retained beyond the prescribed retention period, if necessary. Requests should be submitted through channels to the Deputy Commissioner, Information Technology, detailing the reasons for the request and expected duration of the preservation.
LEGAL CONSIDERATIONS

The Department is required by law to disclose certain information and material related to criminal and civil proceedings. Any requests, subpoenas, etc. for BWC video or data should be referred to the Legal Bureau Body-Worn Camera Unit.

Uniformed members of the service should only share BWC footage to the respective district attorney’s office, United States Attorney’s Office or special prosecutor. Uniformed members of the service should not share BWC footage to other external stakeholders listed in evidence.com, including, but not limited to, the Civilian Complaint Review Board, the New York City Law Department (excluding Family Court for juvenile prosecutions), the Administration for Children’s Services or other police jurisdictions. Requests by these entities should again be referred to the Legal Bureau’s Body Worn Camera Unit by emailing bwc-legal@nypd.org.

Confirmatory identifications (“show-ups”) must be done in person and not by the witness viewing a BWC video of the suspect. An image of a suspect depicted in a BWC video may be used in a photo array for identification. A still shot of the BWC footage depicting the subject may be taken on a Department computer, printed, and thereafter affixed to a photo array for identification. Requests by a witness or victim to view a BWC recording must be declined and referred to the appropriate prosecutor handling the case. Requests by civilians to view a BWC recording that is not related to a criminal case must be declined and referred to the Legal Bureau’s Subpoena Litigation Unit. Requests for BWC recordings can be made by emailing FOIL@NYPD.ORG or by making a request on New York City’s FOIL website at https://a860-openrecords.nyc.gov.
